C. Montiverdi did a roll call. All BOH members were present.

COMMUNITY HEALTH REPORT

COVID-19 Updates:

Health Agent discussed an agreement with regional vaccination clinic, Harrington Hospital to hold additional weekend clinics for Leicester School Staff. Vaccinations will begin the weekend of March 20th and continue every weekend for several weeks. Based on the quantity of vaccine that has been allocated, these clinics will have most staff vaccinated before in person learning resumes.

The Board of Health continues to have a high volume of calls and emails from residents requesting vaccination appointments. Residents are currently scheduled for appointments through Harrington Hospital. Every Monday an allotment of appointments reserved for Leicester residents is released and Board of Health fills spots through its in office wait list.

The Leicester Housing Authority contacted the Board of Health, requesting assistance in running a clinic for all residents of Senior Affordable Housing dwellings in Leicester. The Health Agent has submitting a request for vaccine through the Commonwealth Vaccine Unit. Order has been confirmed, and shipment is anticipated for March 16th. This clinic will take place on March 18th and will be staffed by the BOH, LHA, EMS, Select Board members, and the Town Administrator's Office.

R. Spaulding motioned that the meeting be adjourned.

Second: D. Moffat

Discussion: None

Roll call vote: All in favor (3-0-0)

The meeting adjourned at 6:16 PM.
