Signature of Applicant: \_\_\_\_\_

Date: \_\_\_\_\_

**WATER SAMPLES MUST BE COLLECTED BY A REPRESENTATIVE  
OF A STATE CERTIFIED LABORATORY**

**TOWN OF LEICESTER**  
**BOARD OF HEALTH**  
**LEICESTER, MASSACHUSETTS 01524-1333**

**508 892-7008**

**WELL REGULATIONS**

1. These regulations are made pursuant to Chapter III of the Mass. General Laws, Section 31 to procure sufficient and safe water for the residents of Leicester and to protect the public health.
- 1A. A well permit must be obtained **PRIOR** to the issuance of a building permit. Please allow for a 30 day review period of the application.
2. A well permit must be obtained **PRIOR** to any well installation. Before a permit to construct, dig, or drill a well is issued, the applicant shall supply a plan showing nearby roads, buildings, proposed buildings, driveway, nearby cesspools or septic systems (including neighbor's) and any other pertinent information, to scale.
3. **WATER QUANTITY REQUIREMENTS**
  - A. Prior to use of the well, or issuance of a Building Permit, the original report must be submitted to the Board of Health stating that a pump test has been performed and that the results are greater than, or equal to five (5) gallons per minutes for four (4) hours.
4. **WATER QUALITY REQUIREMENTS**
  - A. Prior to the issuance of a Building Permit, the original report shall be submitted to the Board of Health from a certified laboratory showing results of tests for the following chemicals:

Alkalinity	Copper	Nitrite
Ammonia	Hardness	Odor
Arsenic	Iron	PH
Chloride	Lead	Sodium
Color	Manganese	Turbidity
Coliform Bacteria	Nitrate	
  - B. Water samples shall be taken in accordance with "Standard Methods for the Examination of Water and Wastewater". To insure that proper procedures are followed, the samples shall be taken by a representative of a Mass. Certified Laboratory. (The sample must also be delivered to the lab by a representative of the lab.) Prior to occupancy or use, primary AND secondary contaminant results must meet accepted U.S. Public Health Service Standards for drinking water. This requirement may be met by the installation of filters or softeners.

If a filter is required: 1) Must be a whole house filter for primary contaminants  
2) Must get a plumbing permit

Allow a 30 day period in which to review ALL water testing results.

C. Additional tests for chemicals or organisms may be required by the Board of Health or their duly authorized agent.

D. Additional tests may be required by the Board of Health or their duly authorized agent for sites located near hazardous waste areas.

5. **Distances**

The following distances shall be the minimum allowed (**MUST** be drawn clearly on plan):

FROM	MIN. DISTANCE
Septic Systems (Leaching Field)	100' - 0"
(Septic Tank)	50' - 0"
(Cesspool)	100' - 0"
Sewer Lines	50' - 0"
Buildings	20' - 0"
Street or Highway	10' - 0"
Property (INCLUDING ALL ABUTTING PROPERTIES)	10' - 0"
Driveway	10' - 0"

**THESE MUST BE CLEARLY ADDED TO THE PLAN.**

6. **Disinfection**

Any time a well is constructed, opened, repaired, deepened or allowed to be subject to contamination, it shall be disinfected, using a suitable amount of chlorine or similar products. The entire water system shall be disinfected by drawing water through all fixtures.

7. **Penalties**

Penalties for violation of any provision of these regulations shall be as provided for in M.G.L., Chapter III, Section 31.

8. **Variances**

The Board of Health may vary any provision of these regulations with respect to any particular case, when in its opinion, (1) the enforcement thereof would do manifest injustice, and (2) the applicant has proved that the same degree of protection can be achieved without strict applications of the particular provision. All variances shall be considered at a hearing by the Board of Health.

9. **Severability**

Each regulation shall be construed as separate to the end that if any regulation or sentence, clause, or phrase thereof shall be held invalid for any reason, the remainder of the regulation and all other regulations shall continue in full force.

**NOTE FROM THE WIRING INSPECTOR:** Wiring from the house to the well **MUST** be done by a licensed electrician and inspected by the Wiring Inspector of Leicester.
