Subject: Certificate

In case you cannot find it.

As for the requested information, I am looking for a few Town Reports 5 or so years apart. I am looking at the budget increases as compared to previous years. for example, the school population is down but the teachers are way up. The teacher/student ratio is about 11/1. What was it years ago. Last time I was on the Board we had three cruisers. Now I cannot find a parking space.

In good times we add things but have trouble paying for those things in hard times. Adding a teacher due to a grant because it is free has consequences when the grant runs out.

I am trying to get a feel for what is the right number,

--

HAZARDOUS WASTE COMMITTEE

This committee responded to calls pertaining to problems concerning hazardous waste. We report on such problems to the DEQE and they in turn take any necessary action.

The Hazardous Waste Committee is looking for anyone interested in assisting the committee to move forward and join.

DEVELOPMENT AND INDUSTRIAL COMMISSION 1985 ANNUAL TOWN REPORT

The Commission has held several meetings this year concerning industrial development. Several sites are being considered at this time. The Commission will be meeting with the Planning Board to discuss zoning changes necessary concerning these sites. The number of potential industrial sites in Leicester is very limited. Therefore, the Commission hopes to provide for the proper zoning that will address the needs of our town before other type

development is considered. Developers this year have located elsewhere because Leicester did not have sites readily available with appropriate zoning.

We do not have the luxury to continue losing industry because of improper zoning. The Commission will work diligently with the Planning Board and any other committees to prevent losing industry in the future.

INDUSTRIAL FINANCE AUTHORITY 1985 ANNUAL TOWN REPORT

The I.D.F.A. has approved a \$2 million expansion of Millbrook Distributors which has created work for 70 new employees. The I.D.F.A. is meeting on February 18, 1986 to consider an amendment to the \$2 million expansion approved in July for an additional \$500,000.

We stand ready to provide industrial revenue bonds for industry presently located in our community as well as future industry.
