Hello Mr. Mercer,

The Town received \$20,921.50 from Worcester for the Airport, based on a property value of \$1,403,186 last fiscal year  
The Town received \$25,023.98 from Worcester for water protection land, based on a property value of \$1,678,336 last fiscal year.

Both of these amounts are based on the valuation/1000 times the tax rate, so they are paying the proper value of the land.

I am not aware of any fees paid by Worcester for water in Leicester, as they own those resources.

Subject: Leicester Water

Do you know if Worcester pays for the water they get from Leicester either from gallons, or in taxes, or some other way. They claim to own or control a lot of Land and Resources of Leicester. And the same question about all of the land at the Airport.

It seems like Leicester is a support mechanism for Worcester without adequate reimbursement.

Feel free to forward my request to anyone who can help including our Rep.

Thanks

Bob
