Subject: Obtaining town-level election results

Hello,

I hope this email finds you well. I am a PhD student in the political science department at UCLA. I am working on a research project analyzing local elections in Massachusetts.

Would you be able to provide me with election results for town-level elections (e.g., town clerk) between 1990 and 2021? Digital files are preferred, but any format is fine -- even photos of printed documents are OK.

If it is much easier to include results for only one elected office, I am most interested in results for town clerk elections over the time period. This project is focused on the hard work that local election officials are engaged in.

Thanks, and please let me know if you have any questions.

Best,
Igor

TOWN MEETING & ELECTIONS

ELECTIONS AND REGISTRATIONS

Only one election was held in Leicester in 1999. The Annual Town Election held April 5th had no contested races other than the four questions on the ballot. Only 520 voters turned out to vote. Elections continue to be held with all precincts voting at the Town Hall. Dale Pitzen attended training in order to survey the polling place for handicap accessibility. A survey was conducted in November and the handicapped parking places were immediately corrected by the Town Hall Building Committee. In December the computer provided by the State was replaced with a more up-to-date system for voter registration.
