**Subject:** Request for residence or voter registry records - centenarians

**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

Good evening,

My name is Lance San Souci and I am a Research Project Manager with the New England Centenarian Study based out of Boston University. I am contacting you to request the residence list of people aged ~98 and older within your municipality. That is, residents born before January 1, 1924. We would just need a full name, date of birth, and mailing address on the procured residence list.

If you do not have access to a residence list, a voter registry record (which includes full name, date of birth, mailing address) of those aged ~98 and older in your municipality is also okay! I am requesting these records because our study is looking for more potential participants in the Boston area who could help us better understand the social and genetic underpinnings of longevity and aging. Please let me know, by email or phone, if you have any further questions or what further steps are necessary to formalize this request.

Thanks in advance,  
Lance San Souci
